JOURNEY of a thousand miles begins with ONE SINGLE STEP

The foundation stone for "Universal Gauges" was laid in year 2004. We started in a humble way in the field of Gauge manufacturing. In due course of time "Universal", a brand name evolved in market by customers demand for consistent Quality, Delivery, Price, Customer Support and being known and referred as trustworthy partner in Industries.

Almost in two decades, starting with single thread Grinding M/c, now we have a battery of Matrix & Lindner Machines in Thread Grinding Section as well as complete tool Room Machines for Blanking & Finishing, Ancillary operations with state of the art CNC Machines. We have Heat H/T Facilities including sub-zero treatment for all the Gauges.

We have a strong presence in more than 16 Countries and want to be known as a renowned brand having Global presence.

For us, the journey has just begun and we want to establish Universal Gauges as a global entity to provide outstanding services to various Industries.
